

Das innovative Kreuzspeichen-Schmiederad im mehrdimensionalen Layering Look wirkt filigran und sportlich und ist dennoch für hohe Radlasten optimiert. Die Face Milling Varianten in höchster Qualität kennzeichnen unseren Anspruch an Technik und Design.

This innovative cross-spoke forged wheel with its multi-dimensional layering look appears delicate and sporty, yet is still optimized for heavy wheel loads. The face milling variants of highest quality represent our aspirations in terms of technology and design.

Magnificent Forged

20" front axle and 21" rear axle
21" and 22"

glossy black with face milling, glossy black, hyper silver with face milling, light bronze

forging technology

Die aktuelle Evolution der Race LS Serie, mit tiefen Kerben am Speichenende und Multi-Ebenen Design. Durch Flow-Forming Technologie gezielt gewichtsoptimiert. Die Logo-Platte gleicht das Gewicht des gegenüberliegenden RDK-Sensors aus.

The latest evolution to the Race LS series, with deep notches at the end of the spokes and multi layer design. Weight-optimized through flow-forming technology. The logo plate compensates the weight of the opposite TPMS.

Race LS 3

21" – 23"

crystal silver, matt black

flow-forming technology, perfect fit for SUV, up to 11,5 x 23"

Speziell für BMW M3 G80 / G81, M4 G82 und M2 G87 entwickelt, begeistert das Schmiederad durch seine sportliche Leichtigkeit, sein schlichtes, elegantes Design und seine außergewöhnlich auffallende Farbe.

Specifically developed for BMW M3 G80 / G81, M4 G82 and M2 G87, this forged wheel impresses with its sporty lightness, simple elegant design and eye-catching exceptional color.

Impressive Forged

20" front axle and 21" rear axle

light bronze

forging technology

Die Gussfelge verkörpert sportliche Eleganz und überzeugt durch filigrane Ästhetik bei hoher Traglast. Das perfekte Rad für ihren SUV.

The cast wheel embodies sporty elegance and combines stylish aesthetics with a high load capacity. The perfect wheel for your SUV.

Impressive

21" and 22"

light bronze, crystal silver,
glossy black

perfect fit for SUV, up to 11,5 x 22"

Leicht und dynamisch dank Flow-Forming Technologie. Ein tiefer Undercut und Vertiefungen zur Felgenmitte hin unterstreichen den besonderen konkaven Look.

Lightweight and sporty with flow-forming technology. A deep undercut and indentations towards the center of the wheel reinforce its unique concave look.

Race GTX

19" – 21"

hyper silver, matt black polished lip,
matt gun polished lip

flow-forming technology

Bentley

Magic CW

18"

hyper dark polished lip, glossy black polished lip, matt grey polished lip, matt grey red anodized lip, matt grey orange anodized lip

Exclusively developed for Mini John Cooper Works, a striking visual accent to your car.
